Proceedings of the Special Meeting of the Grievance Committee held on 07/03/2018 to settle the grievances received in response to the list of eligible / not eligible candidates published by the University on web-site on 22/02/2018.

After going through the grievances, application forms and other relevant documents, the Grievance Committee unanimously decided as under :

Sr. No.	Grievance submitted by the Incumbents	Office remarks	Decision of the Grievance Committee
1.	Dr. B.V. Temburne for the post of Associate Professor of Agril. Botany : He has submitted that, he has attached the certificate issued by competent authority mentioning that the API system is not yet established in the University of Agricultural Sciences, Raichur.	In this regard it is submitted that, the University vide advertisement General Condition Sr.No.8 has clearly mentioned that, "The University / Institute those do not have the Internal Quality Assurance Cell (IQAC) and Performance Based Appraisal System (PBAS) should submit the application along with API in Category I, II & III. The formats of API are available on the University web-site. The candidate has to attached certificate issued by competent authority mentioning that the API system is not yet established in their University / Institute.". However, it was necessary for him to submit the application along with API in Category I, II & III in the relevant formats which are available on the University web-site. It is apparent from his application form that, he has not furnished the relevant formats of API in Category I, II & III.	The committee went through the application alongwith all its enclosures submitted by Dr.B.V. Temburne. As per the condition of the advertisement, it was necessary for the candidate to furnish API in Category I, II & III in relevant formats and he has not submitted API in relevant formats. Therefore the grievance is not tenable.
