College of Agriculture, Nagpur
Dr. PDKV, Akola

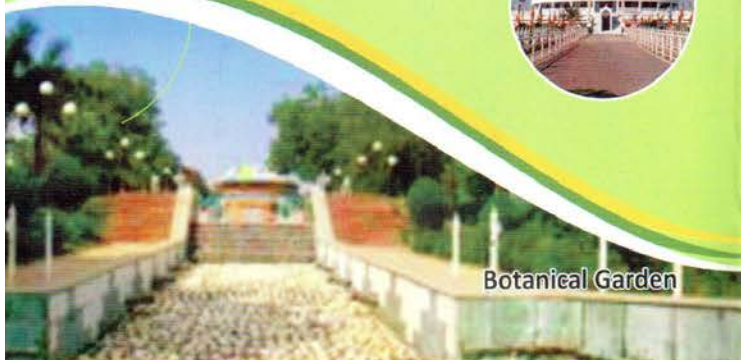

About Dr. PDKV Akola & College Of Agriculture Nagpur

Dr. Panjabrao Deshmukh Krishi Vidyapeeth is an exclusive State Agricultural University located at Akola in Maharashtra, India, for development of Vidarbha Agriculture. The University is entrusted with the responsibility of agricultural education, research and extension education along with breeder and foundation seed programme. The university was started on 20 October 1969 named after the illustrious son of Vidarbha Dr. Panjabrao (alias Bhausaheb) Deshmukh, who was the first Union Minister of Agriculture, Government of India.

College of Agriculture, Nagpur; one of the constituent colleges of the University was established by the British Government in 1906 in Central Provinces and Berar of undivided India. It has the distinction being one of the oldest colleges amongst the five Imperial Colleges setup by British. The College has in unique possession of century old Maharajbag Zoo with a rich tradition and a green backdrop right in the heart of Orange City. The "**Bhosala Dynasty's Shikarkhana**" has become star attraction for every visitor. Telankhedi Garden was created by king Raghuji Bhosle (II) in between the years 1783-1890. The garden is excellent combination of art, environmental science and beauty. The main building of the college was earlier known as Victoria Technical Institute Building. Today, the college is proud to own its unique Botanical Garden and Biodiversity Park on 25 ha hilly area with picturesque setting of Futala Lake. One of its own in center India, it has collection of most diversified plant species. Thus, with teaching, research and extension, the college of Agriculture has become central education center for public at large.

NAGPUR CITY: It is a good city, safe, clean, green and orange city. In Nagpur there are many lakes to take freshness and greenery area that take air pollution away, having good water facility. Its green city. Dargah of hazrat Baba tajuddin ,dikshabhoomi, ganesh tekri mandir is also situated in this city.

Deekshabhoomi: It is the place where not only BUDDHIST but all the people who believe in himself and the way of BUDDHA come together to pray for peace. It is the place where a step was taken by Dr. Ambedkar against the ugly and hateful religious activities of Hindues or so called Savarnas.

TOURISM PLACES

Totladoh: The Pandit Jawaharlal Nehru National Park is situated in this area. It is surrounded by Satpuda hills and providing a pleasant climate. This National Park is best known for animal viewing, bird watching and trekking. There is also situated a hydroelectric project, a joint venture of Govt. of Maharashtra and Madhya Pradesh.

Ramtek : The story goes that Shri Ram tarried here a while with Laxman and Sita. Hence, the name. It was here that the prolific Sanskrit poet Kalidas wrote his epic Maghdootam. Besides the Shri Ram Temple and the Kalidas Memorial, there is Ramgiri hill, Ramsagar lake.

Nawegaon Bandh: Nawegaon, Vidarbha's most popular forest resort, is the ultimate adventure spot. It is said to have been built by Kolu Patel Kohli in the beginning of the 18th century. Make sure you visit the deer park, the Dr. Salim Ali Bird Sanctuary, the three beautiful gardens and the children's park. Almost 60% of the birds species found in Maharashtra have been recorded in Nawegaon.

Pench National Park : Situated around 86kms. from Nagpur, this National Park is a place good for a day's visit. It is built around the Pench Irrigation project, a joint venture of the Maharashtra and MP Governments. This park is also known as Jawaharlal Nehru Udyan.

Khindsi : Famous mainly for its large and picturesque lake. Boating facilities are also offered. Khindsi is very close to Ramtek.

ABOUT PLANT PATHOLOGY:

The Department of Plant Pathology came in to existence in May 1920, after the opening of research institute in 1915. This Department imparts training and educational research on Nitrogen fixing bacteria viz. Rhizobium, Azotobactor, Acetobacter, Azolla and BGA; Phosphate solubilizing bacteria; Sulphur oxidizing bacteria; VAM fungi and legniocellulolytic fungi.

The work on production and cultivation technique of mushroom and different types of Bio pesticides viz. *B. bassiana*, *M. anisoplae*, *V. lecanii*, *B. thuringiensis*, *N. rileyi*, have been developed and made available to the progressive farmers.

The student of this Department has worked on key positions in Agriculture of India like Dr. J. F. Dastur, Dr. R. P. Astana, Dr. V. P. Gokhale, Prof. S. G. Abhyankar, Dr. V. N. Shukla, Dr. P G. Moghe Prof. B. N. Wankar, , Dr. C. D. Mayee, Dr. Sudhir Meshram & Dr. S. J. Kolte, Dr. S.J. Gaikwad.

THE SOCIETY:

Association of Plant Pathologist (Central India) has been established in the year 2005 with a sole motive to develop and help in all scientific endeavours in the field of Plant Pathology, Biotechnology, and Microbiology. Society members are always keen organizing exhibitions, workshop, seminars, guest lectures of its own or in collaboration with state/ Central /NGO/ autonomous institute to promote Plant Pathology and allied subjects in the country. In addition society is also looking after the welfare of farming community and rendered necessary advice regarding plant protection measures. It has its own priorities to enhance scientific activity in academicians, under which society is publishing journal entitled "JOURNAL OF PLANT DISEASE SCIENCES". The journal was started in the year 2006. This is the 9th Volume with a consistent performance and a good NAAS rating. Recently society has launched its own website WWW.APPJPS.Com where archives of the journal is available with free of cost. Society has also developed a facility to process paper electronically on the website WWW.Indianjournals.com. Journal is well appreciated by the scientific society for making efforts to flourish scientific culture among the academicians. The journal is also abstracted by seven abstracting agencies including CABI having international repute.

AWARD:

There will be provision of two best oral and posters presentation awards for young scientists.

TENTATIVE TECHNICAL PROGRAMME:

- Vistas in Chemical and biological Management
- Disease Management through Traditional / Molecular breeding
- Climate change and disease management
- Microbes as potential drug source
- Epidemiology and forecasting
- Extension plant Pathology
- Never Disease problems and their management
- Bioagent-industry academia interface

ABSTRACT SUBMISSIN:

Original abstract of the research paper not more than 300 words typed in A4 size. (This New Roman and 12 font size) should be sent in duplicate and e-mail to the secretary of society so as to reach on the before 15th October 2014.

GUIDELINES FOR PREPARING POSTERS

Posters (1m x 1m) must include the title of papers, author name and address, e-mail address introduction, Materials and Methods, and result discussion and literature cited.

REGISTRATION FEE:

	Before 10th October	After 10 th October
Delegates	Rs. 3000/-	Rs. 3500/-
Students	Rs. 1000/-	Rs. 1200/-
Companies / Institute	Rs. 10,000/-	Rs. 10,000/-
Accommodation Tariff:		
Guest House:		150/-
Hostel:		75/-
Hotel single Room:		2000/-
Hotel Double Room:		3000/-

Advance registration fee should be remitted through Demand Draft in favour of **Association of Plant Pathologist Nagpur** drawn on **Union Bank of India**, Telecom Nagar, Nagpur (MS). Alternatively the registration fee may be remitted online to **Association of Plant Pathologist Nagpur A/c No. 479002010615071** in Union Bank of India, Nagpur MICR code 440026008 IFS code UBINO547905

Association of Plant Pathologists (Central India)

DR. C. D. MAYEE FELICITATION VOLUME COMMITTEE

One of the alumni of the College of Agriculture, Akola and Nagpur, Dr. Charudatta D. Mayee has distinguished himself in the field of not in the Plant Pathology but in Indian Agriculture Superannuated as Chairman, Agriculture Scientist Recruitment Board (ASRB) New Delhi. He served on some key positions of Research management, Technology Transfer and Agricultural Education and HRD like, Vice Chancellor, Director, Agriculture Commissioner and Chairman (ASRB). He has trained a band of students who are occupying important positions in India. It has been decided by his students and colleagues to felicitate him on the occasion of symposium by dedicating a special volume of selected review articles on Agriculture written by renowned scientists. The felicitation volume shall be released on the occasion of National Symposium as a part of the programme. The following Committee shall prepare 'Dr. C. D. Mayee, Felicitation Volume'.
