Physical education is a compulsory as a part of curricular programme for all the first year students of undergraduate degree programme except at Colleges of Agril. Engineering. The qualified physical education teachers conduct physical education classes and handle sports and cultural activities at every college. Sufficient opportunities and facilities are provided to the students of each college for taking part in inter-college and inter university, inter zone and national level sports and cultural activities. . The students are provided with sophisticated and modern equipment's in gymnasium to improve their physical fitness. Educational tours are also arranged to equip them with recent developments in the respective fields of study and allied sciences. The indoor and outdoor games are held regularly and various teams are sent for participation in the inter university tournaments. The students are participating regularly and coming with flying colours in *Avhana* disaster management programme, *Avishkar* a research festival, *Mahakrida* sports and *Indradhanush* a cultural events , under the special directives by Raj Bhawan Mumbai (MS). Interested students practices sports and games regularly in the evening hours after the classes. Besides this in the first semester there is a compulsory course entitled "Physical education and Yoga" PHEY 111 in which students are introduced to various games and sports so that they can latter choose the game/sport of their choice.
