No. ARIS/ 164 /2025  
Dated:- 16/12/2025

To whomsoever it May Concern

Subject: Regarding extension of closing date of etender

This is with reference to the cited subject above Officer in Charge, ARIS Cell had floated the etender for Annual Maintenance Contract (AMC) of Software Module developed and completed under Integrated University Management System Software Solutions on Maharashtra Government etender portal on dated 03/12/2025 with closing date 15/12/2025.

But due to insufficient bids received it is necessary to extend the closing date by 7 days i. e. 22/12/2025, with some modifications in eligibility criteria and Technical Evaluation criteria in existing tender form (mark bold), making more general criteria to get wide response.
